(NEW ISSUE) MACK ENGINE SERIES 10_125erb.fm Page 2 Tuesday, April 18, 2006 11:43 AM. SB-210-034 — Page 1 of 1 ... The information, specifications, and illustrations in this publication are based on information that was current at the time of publication.

E-TECH ENGINE

The Mack e7 engine's optimal running rate is at 1400-1800 rpms but isn't designed for high running rates. It is not unlikely to have a Mack Engine put 1,500,000 miles hauling full loads and not need a major overhaul. Mack E7 engines are found in mining, oil and gas, agriculture, construction, pumps and compressors and power generation.

Mack E-7 History and Technical Information - Capital Reman ...

Burky Road Train Member. It's Mack's E-7 motor, so it's about a 720 CID engine, same one they have down into the 355 hp rating, and it may be rated below that in some applications. 460 is the top hp rating on it, and about as far as I would want to go with that size engine.

I am interested in information on the 2004 Aset engine. My friend is looking at a 2004 Mack with 204,000 miles on it and it looks to be very clean. We have heard that the the engine has not had a good reputation for reliability. My friend is an independent operator so a bad truck could really hurt.
