The Atlantic Coast Pipeline is no more. On July 5, lead developers Dominion Energy and Duke Energy sounded the death knell for the 600-mile fracked gas behemoth, citing ongoing delays, increasing costs and legal uncertainty. This is a monumental victory for the North Carolina, Virginia and West Virginia communities in the path of the pipeline that spent the better part of a decade fighting ...

The End of the Atlantic Coast Pipeline > Appalachian Voices

Characteristics. Atlantic Coast Pipeline, LLC was the developer and planned operator of the pipeline; the company was a joint venture between Dominion Energy and Duke Energy, with Dominion serving as the lead stakeholder. The proposed route was to begin in Harrison County, West Virginia, drawing gas from wells in the Utica and Marcellus gas fields, and travel southeast through eastern Virginia ...

Atlantic Coast Pipeline - Wikipedia

The news seemed to come out of nowhere. On a hot Sunday afternoon, Union Hill pastor Paul M. Wilson was sitting on his porch eating seafood when he got a call that the Atlantic Coast Pipeline, the 600-mile natural gas conduit that he and thousands of others in Virginia, West Virginia and North Carolina had been fighting for six years, was dead.
