### Final Exam | Principles of Microeconomics | Economics ...

The Principles of Macroeconomics examination covers material that is usually taught in a one-semester undergraduate course in this subject. This aspect of economics deals with principles of economics that apply to an economy as a whole, particularly the general price level, output and income, and interrelations among sectors of the economy.

### Principles of Macroeconomics Exam - CLEP - The College Board

Economists use gross domestic product (GDP), the monetary value of all final goods and services produced within a country's borders in one year, to measure a country's total output. Macroeconomics tend to use real GDP, rather than nominal GDP, for their comparisons since real GDP removes the effect of inflation.
