

# Real Analysis Objective Questions And Solved Answers

Thank you very much for reading **real analysis objective questions and solved answers**. As you may know, people have search numerous times for their favorite novels like this real analysis objective questions and solved answers, but end up in malicious downloads. Rather than enjoying a good book with a cup of tea in the afternoon, instead they juggled with some harmful virus inside their desktop computer.

real analysis objective questions and solved answers is available in our book collection an online access to it is set as public so you can get it instantly.

Our books collection spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, the real analysis objective questions and solved answers is universally compatible with any devices to read

Myanonamouse is a private bit torrent tracker that needs you to register with your email id to get access to its database. It is a comparatively easier to get into website with easy uploading of books. It features over 2million torrents and is a free for all platform with access to its huge database of free eBooks. Better known for audio books, Myanonamouse has a larger and friendly community with some strict rules.

REAL ANALYSIS II K2 QUESTIONS : Unit 1 1. If the real valued functions  $f$  and  $g$  are continuous at a  $\in \mathbb{R}$ , then so are  $f+g$ ,  $f - g$  and  $fg$ . If  $g(a) \neq 0$ , then  $f/g$  is also continuous at  $a$ . 2. If  $f$  and  $g$  are real valued functions, if  $f$  is continuous at  $a$ , and if  $g$  continuous at  $f(a)$ , then  $g \circ f$  is continuous at  $a$ . 3.

FINAL EXAMINATION SOLUTIONS, MAS311 REAL ANALYSIS I QUESTION 1. (a) Show that  $\sqrt{3}$  is irrational. (10 marks) Proof. Suppose that  $\sqrt{3}$  is rational and  $\sqrt{3} = p/q$  with integers  $p$  and  $q$  not both divisible by 3. We get the relation  $p^2 = 3q^2$  from which we infer that  $p^2$  is divisible by 3. Hence  $p$  itself is divisible by 3, as 3 is a prime
