The Railroad Commission of Texas is the state agency that regulates the oil and gas industry, gas utilities, pipeline safety, safety in the liquefied petroleum gas industry, and surface coal and uranium mining. Despite its name, it ceased regulating railroads in 2005. Established by the Texas Legislature in 1891, it is the state's oldest regulatory agency and began as part of the Efficiency Movement of the Progressive Era. From the 1930s to the 1960s it largely set world oil prices, but was disp
